Planning process must take into
account the NOISE and ENVIRONMENTAL
INPUT to the surrounding
residential communities -- which
will suffer decreases in property
values.
Noise has already increased,
with no "base level" ever measured.

KM is going thru a community plan update and traffic generation on the street system is a critical element. I believe myf should provide trip generation (ADT's) for existing condition & developed alternatives. Today there is no standard for aviation uses, building, hangar & tiedown.

*WOULD LIKE TO MAKE SURE THE MASTER PLAN ADDRESSES
SUPPORT FOR CONTINUITY OF SMALL BUSINESSES AT KMYF
SUCH THAT AS DEVELOPMENT PROGRESSES, SMALL BUSINESSES
MAY HAVE TO MOVE (TEMPORARILY) BUT WILL NOT BE FORCED
TO SHUT DOWN FOR ANY LENGTH OF TIME (AS WHAT
HAPPENED AT BALDWIN)*

1. What planning is being done to accommodate the existing businesses located @ Montgomery? Some of these businesses have been here for over 30 years - nowhere in tonight's presentations do I see that being addressed & it needs to be.

I think that it is critical to support & maintain a
safe and vibrant local airport that encourages economic
growth and opportunities for the community.

It appears that no noise surveys have been done over the community of Tierrasanta. This airport will definitely impact our community in a negative way. Adding on more plane noise overhead will be a detriment to the residents and their property values. We implore the committee to show with surveys how this project will be environmentally friendly to the community of Tierrasanta, as stated in the Master Plan.
