This presentation format was great. Presenters were clear and knowledgeable - and concise. This set a great basis for individual discussions later. Very well done!

Perhaps the next meeting could include MAP as a presenter.

Does aircraft basing growth include  
aircraft currently based at Nichols  
field? The folks could easily be looking  
for space within the next 5 years

Aviation Demand Forecast (flat operations increase over 20 years & +20 based aircraft) is not consistent with EAA14 plans + airport plans + Nichols Field expectation to relocate. Need to reconsider the use ~~at~~ currently at Brown Field and plans for increase by these groups
